Fall 2018, Spring 2019
Fall 2018, Spring 2019

PROFESSIONAL EXPERIENCE

Labor Economist
Idaho Department of Labor

Aug 2020 – Jul 2022
Boise, ID

- Conducted in-depth research and analysis on labor market trends, including employment rates, wage growth, and workforce participation.
- Developed and implemented econometric models to assess the impact of labor market policies on employment outcomes.
- Collaborated with internal teams to design and execute surveys and data collection efforts to gather relevant labor market information.
- Produced comprehensive reports and presentations on labor market trends and policy recommendations for internal and external stakeholders.
- Assisted in the formulation and evaluation of labor market policies, providing expert guidance based on economic analysis.

Graduate Research Assistant
Boise State University

Aug 2018 – May 2020
Boise, ID

- Assisted faculty members in conducting economic research projects, providing support in data collection, cleaning, and analysis.
- Conducted literature reviews and synthesized research findings to contribute to the development of academic papers.
- Used statistical software (e.g., R, Stata) to analyze and interpret economic data, ensuring accuracy and reliability of results.

Data Science Intern

Albertsons Companies

May 2019 – Nov 2019

Boise, ID

- Assisted in developing predictive models and analyzing large datasets to identify patterns and generate actionable insights.
- Conducted data cleaning, preprocessing, and exploratory data analysis to ensure data quality and accuracy.
- Collaborated with cross-functional teams to develop data-driven solutions to business challenges, improving operational efficiency.
- Implemented statistical algorithms and machine learning techniques to build predictive models for forecasting and optimization purposes.
- Communicated findings and recommendations to stakeholders through clear and concise reports and visualizations.

Financial Analyst Intern

Second Wave Capital Management

Aug 2017 – Dec 2017

Remote

- Supported the acquisition team in conducting due diligence, market research, and financial analysis for potential mergers and acquisitions.
- Assisted in the evaluation of financial statements, performing valuation analyses, and preparing financial models to support decision-making processes.
- Conducted industry research and benchmarking studies to identify potential acquisition targets and assess market opportunities.
- Prepared presentation materials and reports to communicate findings and recommendations to senior management.
